Portfolio

PROFESSIONAL SUMMARY

AI & Data Science graduate with practical experience in full stack development, backend systems, IoT, and software engineering. Currently serving as an IoT Assistant Intern under PM VIKAS with training at IIIT Kottayam. Skilled in Python, JavaScript, React, Django, MySQL, SQL, HTML, CSS, REST APIs, and database management. Passionate about building scalable software solutions and eager to contribute to modern web development projects involving PHP, MySQL, and React JS.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL, HTML, CSS

Frontend: React.js, Bootstrap

Backend: Django, REST APIs

Databases: MySQL, SQLite

Tools: Git, GitHub, Linux, VS Code

AI/ML: TensorFlow, OpenCV, Pandas, NumPy, Scikit-Learn

IoT: Raspberry Pi, ESP32, Arduino, MQTT

EDUCATION

Royal College of Engineering and Technology

Thrissur, Kerala

B.Tech in Artificial Intelligence and Data Science

2022 – 2026

- Affiliated to APJ Abdul Kalam Technological University (KTU).
- CGPA: 6.34/10.
- Relevant Coursework: Data Structures, Database Management Systems, Object-Oriented Programming, Web Technologies, Machine Learning, Software Engineering.

EXPERIENCE

IoT Assistant Intern

June 2026 – Present

PM VIKAS — Training at IIIT Kottayam

Kerala, India

- Worked on IoT-based automation systems using Raspberry Pi and ESP32 platforms.
- Integrated sensors and embedded devices for monitoring and automation applications.
- Developed Python-based solutions for data collection and hardware communication.
- Assisted in hardware testing, troubleshooting, and system integration.
- Gained practical exposure to Linux environments, MQTT protocol, and AI-enabled IoT concepts.
- Collaborated with team members during implementation and testing of real-world projects.

RELEVANT COURSEWORK

Data Structures and Algorithms, Database Management Systems, Object-Oriented Programming, Web Technologies, Software Engineering, Machine Learning, Computer Networks, Operating Systems, Data Analytics

ACHIEVEMENTS

- Successfully completed the AI Skills Passport Program by EY and Microsoft.
- Selected for IoT Assistant Internship under PM VIKAS with training at IIIT Kottayam.
- Participated in the state-level cyber security event "Shadow Login".
- Built practical projects in AI, IoT, backend development, and full stack web technologies.

PROJECTS

AI Task Management System | *React, Django REST Framework, MySQL, JWT, WebSockets*

- Developed a full-stack AI-powered task management platform for collaborative project tracking.
- Implemented secure JWT authentication with role-based access for Admin, Manager, and Intern users.
- Built CRUD modules for project and task management with deadline tracking and assignment features.
- Integrated real-time updates using Django Channels and WebSockets.
- Designed an AI chatbot interface and analytics dashboard for enhanced user productivity.

Multi-Branch Inventory Management System | *Python, Django, MySQL, REST APIs*

- Designed a centralized inventory management solution for handling stock across multiple branches.
- Developed database-driven modules for inventory tracking and reporting.
- Implemented REST API architecture for efficient data management.
- Improved stock monitoring and simplified inventory operations.

Pay on Purchase System | *Python, SQL, MySQL*

- Developed a purchase and billing automation system for transaction management.
- Implemented database connectivity and transaction handling features.
- Managed structured data storage and reporting workflows.
- Enhanced operational efficiency through backend automation.

Smart Autonomous AI Robot | *Python, Raspberry Pi, ESP32, OpenCV*

- Developed an AI-enabled autonomous robotic system for intelligent navigation.
- Integrated IoT sensors and embedded hardware for real-time automation.
- Implemented obstacle detection and autonomous decision-making mechanisms.
- Combined AI, computer vision, and IoT concepts for smart robotic applications.

CERTIFICATIONS

- AI Skills Passport – EY & Microsoft
- Introduction to Python Programming
- Full Stack Web Development with AI Tools – AICTE Edunet
- Preparing Data for Analysis with Microsoft Excel
- Shadow Login – Cyber Security Event

LANGUAGES

- Malayalam (Native)
- English (Professional)
- Tamil (Conversational)
- Arabic (Basic)

AREAS OF INTEREST

Artificial Intelligence, Full Stack Development, Backend Engineering, Web Development, IoT, Robotics, Software Engineering, Database Systems.

Open to Internship Opportunities in Full Stack Development, Backend Development, Software Engineering, Web Development, AI and IoT.
